Last year's Anglia certificates handed out

Geplaatst op **16 september 2019** door **bos**

In the past couple of weeks last year's 3tto students (both havo and atheneum) were given their Anglia exam certificates. And no-one failed. Or did they?

At the havo level 5 (17%) of the 30 TTO students managed to achieve a 'distinction' score on all parts of the written Advanced (the two but highest level within the Anglia organisation) exam. ('Distinction' means you scored 80% or more correct.) All the others (83%) passed with a 'Merit' qualification – having scored between 65 and 79% correct).

At the atheneum level 4 (9%) of the 44 TTO students managed to achieve a 'distinction' score on all parts of the written (AcCEPT) Proficiency (one but highest level within the Anglia organisation) exam. Two students (5%) managed a 'Pass' qualification, which means that the other 38 students (86%) scored a 'Merit' one.

Well-done all and congratulations and for those who continue their bilingual training within our school, either at havo level with Cambridge Business English (BEC) or at atheneum level with Cambridge Advanced English (CAE) - the best of luck there too.
